Description

Chain Post 60 cm - White - Ground-Insert Model

The highly functional **Chain Post 60 cm - White - Ground-Insert Model** (60 cm) is a professional delineator barrier post designed for rapid setup of chain barriers.

Its bright warning colors (Yellow-black) ensure excellent visibility inside facilities and outdoors. The post is supported by a sharp ground spike made of durable polymer. This allows rapid and effortless anchoring of the post directly into grass, soil, or temporary sand, making it perfect for green spaces and outdoor events. Once finished, the modular design disassembles quickly for flat storage.

Technical Specification

Dimensions	60 cm
Weight	1.8 kg
Material	Polyethylene (HDPE)
Color / Pattern	Yellow-black

Applications

- **Safety Zone Isolation:** Delineating restricted hazard areas in warehouses and factories.
- **Parking Lot Security:** Setting up temporary barriers in parking bays and maneuvering areas.
- **Pedestrian Channeling:** Organizing retail queues, public offices, and outdoor events.

Key Advantages & Benefits

- **Exceptional Portability:** Highly portable and easy to link together to form consistent barriers.
- **Flat, Compact Storage:** Easily disassembles from the base plate to save warehouse space.
- **Optimized Base Delineator:** Supported by a stable ground spike (for grass, soil, and outdoor events).
- **All-Weather Delineator:** Frostproof polymer guarantees multi-season durability outdoors.
