How many modules in the set?	3
Color	Red/White
Material	Polyethylene (PE)
Weight	1 kg
Base dimension	268 mm
Shipping time	1-2 days

Description

Chain post 900 mm, plastic base round, white / red

The highly functional **Chain post 900 mm, plastic base round, white / red** (900 mm) is a professional delineator barrier post designed for rapid setup of chain barriers.

Its bright warning colors (White-red) ensure excellent visibility inside facilities and outdoors. The post is supported by a lightweight, round plastic base designed to be filled with water or sand. This ensures an exceptionally low shipping weight and ease of handling, while providing solid stability when filled. Once finished, the modular design disassembles quickly for flat storage.

Technical Specification

Dimensions	900 mm
Weight	1 kg
Material	Polyethylene (HDPE)
Color / Pattern	White-red

Applications

- **Safety Zone Isolation:** Delineating restricted hazard areas in warehouses and factories.
- **Parking Lot Security:** Setting up temporary barriers in parking bays and maneuvering areas.
- **Pedestrian Channeling:** Organizing retail queues, public offices, and outdoor events.

Key Advantages & Benefits

- **Exceptional Portability:** Highly portable and easy to link together to form consistent barriers.
- **Flat, Compact Storage:** Easily disassembles from the base plate to save warehouse space.
- **Optimized Base Delineator:** Supported by a stable plastic base (lightweight, fillable with water/sand).
- **All-Weather Delineator:** Frostproof polymer guarantees multi-season durability outdoors.
