Technical Specification

Attribute	Value
Dimension	136 cm bis 222 cm
Color	Red/White
Material	Polyethylene (PE)
Weight	0,66 kg
Shipping time	2-3 days

Description

Red and white telescopic rod - professional safety accessory

The heavy-duty **red and white telescopic rod** is the perfect solution for linear cordoning of pedestrian paths or marking deep excavations.

Constructed from impact-resistant polymer with high-visibility reflective bands. Easily connects to standard traffic cones.

Technical specification

Dimensions / Length	2,2 m (teleskopowa)
Material	Durable plastic / rubber
Color	Red-white (warning color)
Product weight	0,2 kg

Application

- **Information & warning:** Displaying road signs, hazard signs, or custom warnings on traffic cones.
- **Chain connection:** Adapters and rings allow for connecting traffic cones with plastic safety chains.
- **Worksite safety:** Conveniently marking specific work conditions (e.g. road works, STOP).

Key advantages

- **Universal compatibility:** Designed to fit perfectly over standard traffic cones (50 cm, 75 cm, 100 cm).
- **UV-stable durable plastic:** Highly resistant to cracking, moisture, and color fading.
- **Tool-free installation:** Slips securely over the traffic cone tip in a few seconds.
- **High-contrast clear warning:** Vibrant background color facilitates easy reading from a distance.
