Shipping time	3-7 days

Description

Traffic Cone 50 cm PE/PVC/REC – BASt Certified Reflective Cone - rigid warning cone

Are you looking for a durable and reliable way to efficiently mark construction works, cordon off working zones, or organize a driving maneuvers track? The professional **Traffic Cone 50 cm PE/PVC/REC – BASt Certified Reflective Cone** with a height of **50 cm** is an indispensable safety warning tool.

Made of **Durable polyethylene (PE) or PVC with official BASt certification, rubber base**, which guarantees excellent strength parameters and high stability during cordoning. The intense warning color and stripe ensure that the product is perfectly visible from a long distance.

Technical specification

Dimensions (height x base)	50 cm x 28 x 28 cm (heavy recycled rubber base)
Material	Durable polyethylene (PE) or PVC with official BASt certification, rubber base
Color	Orange body with two reflective stripes of class R2/RA2, black heavy base
Product weight	2,6 kg

Application

- **Driver training:** Ideal for driving schools practice tracks (cat. A, B, C, D).
- **Sports training:** Cordoning off obstacle courses and recreation zones.
- **Temporary marking:** Barriers in production halls and warehouses.
- **Motorways & expressways:** Professional cordoning with highest safety demands.

Key advantages

- **PE build (rigid plastic):** Guarantees perfect shape preservation and structural stability.
- **Exceptional lightness:** Low weight allows quick and easy transport and nesting.
- **High UV resistance:** Body does not fade in the sun and preserves highly visible color.
- **Great visibility:** Bright warning color is visible from a long distance.
- **BASt certificate:** Compliant with strict safety standards on German federal roads.
- **Recycled base (REC):** Heavy black recycled rubber base guarantees superior stability.
