Description

Lustro drogowe akrylowe U-18a Ø 800 mm - Precision Monitoring and Safety

Ensure optimal visibility and eliminate blind spots at intersections, driveways, and industrial warehouses. The highly reliable **Lustro drogowe akrylowe U-18a Ø 800 mm** by Dancop is a professional optical solution with dimensions of 800 mm, designed to improve safety in traffic and work areas.

Thanks to advanced production technology using high-quality AC, the mirror face provides a perfectly clear, undistorted reflection and resists physical impacts, frost, and UV radiation. The product comes complete with a heavy-duty universal bracket for precise viewing angle adjustments.

Technical Specification

Mirror dimensions (width x height or diameter)	800 mm
Mirror face material	High-grade acrylic glass (shatterproof, impact-resistant, and lightweight)
Housing / Frame	Reinforced polymer housing with red-white retroreflective sheeting or yellow-black warning stripes (depending on variant)
Product weight	6,0 kg
Observation angle / directions	180° (Half dome panoramic)

Intended Use and Mounting Locations

- **Intersections and driveways:** Eliminating dangerous blind spots on narrow residential streets and private gates.
- **Industry and logistics:** Safe monitoring of forklift traffic in narrow aisles and controlling assembly lines.
- **Pedestrian safety:** Improving visibility in loading docks, public parking lots, and underpasses.

Key Advantages and Practical Benefits

- **Shatterproof AC face:** Safe and lightweight, offering outstanding optical properties.
- **UV and frost resistant:** No yellowing or clouding of the mirror face under direct sunlight and freezing temperatures.
- **Heavy-duty mounting bracket:** The sturdy bracket ensures stable mounting on poles or walls, allowing easy adjustment.
- **Genuine Dancop quality:** Manufactured in Europe by a leading safety brand, compliant with

highest durability standards.
