Description

Tripod Sign Stand – Professional Base for Temporary Triangular Road Sign

Are you looking for an exceptionally stable and durable stand for temporary triangular road signs? The professional **Tripod Sign Stand – Professional Base for Temporary Triangular Road Sign** (75 cm high, weighing 6.8 kg) is a heavy-duty frame designed for demanding road environments.

Its rugged design ensures complete resistance to high wind gusts and traffic-induced vibrations. The folding structure makes it easy to transport and store, while the secure bracket allows quick and safe mounting of triangular danger signs.

Technical Specification

Dimensions	75 cm
Weight	6.8 kg
Material	Polyethylene (HDPE)
Color	Black

Applications

- **Commercial and office properties:** Warning customers of wet floors during cleaning schedules (A-boards).
- **Roadworks and construction sites:** Rapid deployment of temporary hazard signs in work areas (tripod stand).
- **Parking and access management:** Indicating tow-away and no-parking zones in commercial yards (signboard).

Key Advantages & Benefits

- **Superior visual alert:** Bright safety colors and clear international pictograms maximize visibility.
- **Easy transport and folding:** Lightweight, folding designs that take minimal storage space when collapsed.
- **Durable construction:** Made of high-grade HDPE and PVC plastics resistant to crack, moisture, and UV rays.
- **Versatility:** Industry-standard sizing compatible with widely used road and work safety systems.
