Description

Taśma ostrzegawcza w kasecie obrotowej

Taśma ostrzegawcza w kasecie obrotowej pozwala na rozwinięcie taśmy do długości 4,5 m, co pozwala na odgrodzenie lub zabezpieczenie stosunkowo dużego obszaru. Sama kaseta jest niewielkich rozmiarów, pozwala to zaoszczędzić dużą ilość przestrzeni magazynowej oraz użytkowej. Kaseta obrotowa, cechuje się pewną dozą swobody w kierunku wyciągania taśmy, co ułatwia w znaczny sposób ustawianie wygrodzeń. Taśmy oraz kasety z taśmą rozwijaną dostępne są w kilku wariantach kolorystycznych. Urządzenie wyposażone jest w system hamujący samozwijającą taśmę.

Cechy:

- Zestaw naścienny składający się z kasety ściennej z taśmą samozwijającą
- Obudowa kasety wykonana z tworzywa, dostępna w kolorze: żółto-czarnym lub czarno-czerwonym
- Uchwyt ścienny do taśmy wykonany z tworzywa w kolorze czarnym
- Długość taśmy: 4,5 m, szerokość taśmy: 48 mm
- Możliwość obrotu taśmy w kasecie w zakresie 1800
- Dostępne kolory taśm: żółto-czarny, biało-czerwony
- Mechanizm wyposażony w system hamowania taśmy
- Mocowanie kasety do ściany za pomocą wkrętów (opcja standard)
- Wymiary: 185 mm x 115 mm x110 mm (wys. x szer. gł.)
- Waga: 1 kg

Wall-Mounted Retractable Barrier Cassette with Red-White Tape 4.5 m – Professional Safety and Area Control Solution

High-Visibility Wall-Mounted Safety Cassette with 4.5 m Red-White Warning Tape

The **wall-mounted retractable barrier cassette with red-white warning tape (4.5 m)** is a **professional road traffic safety and area management device**, designed for fast, clear and effective separation of hazardous zones, pedestrian routes, technical passages and temporarily restricted areas. The product has been engineered to deliver **maximum durability, functionality and an excellent price-to-quality ratio**, making it a popular choice among wholesale and retail customers across European markets.

The cassette is equipped with a **high-quality fabric red-white warning tape**, providing outstanding visibility and immediate hazard recognition. The **black housing made of durable PE (polyethylene)** ensures resistance to mechanical damage, intensive daily use and environmental factors.

Key Technical Specifications

- **Tape length:** 4.5 m
- **Tape type:** fabric, red-white warning tape
- **Housing color:** black
- **Housing material:** high-quality PE (polyethylene)
- **Mounting:** wall-mounted, retractable and swivel design
- **End fitting:** magnetic wall receiver included
- **Weight:** approx. 1 kg

Thanks to the **swivel wall-mounted cassette design**, the tape can be extended at various angles, improving ergonomics and expanding application possibilities.

Intended Use of the Wall-Mounted Barrier Cassette

The wall-mounted retractable cassette with red-white tape is widely used wherever **temporary safety marking or access control** is required in compliance with **health and safety regulations** and general traffic safety principles.

Typical areas of application include:

- industrial facilities and warehouses,
- production halls and factories,
- parking lots and underground garages,
- logistics and distribution centers,
- construction sites and roadwork zones,
- public and commercial buildings.

Compliance with Safety Regulations and Standards

The use of **red-white warning tape** is consistent with **occupational health and safety (OHS) regulations** and commonly accepted standards for marking hazardous and restricted areas. This color combination is widely applied in **road traffic safety equipment and temporary safety systems**, making this cassette a recommended solution wherever clear and effective visual warning is required.

---

5 Additional Practical Applications

1. **Temporary closure of pedestrian routes** in shopping malls and commercial facilities.
2. **Separation of service and maintenance zones** in workshops and vehicle service centers.
3. **Securing emergency exits** during maintenance or repair works.
4. **Event area and backstage control** during exhibitions, fairs and mass events.
5. **Access control in high-bay warehouses** and logistics centers.

Why Choose Our Wall-Mounted Barrier Cassette?

We are a company with **many years of experience in road traffic safety equipment**. As a **manufacturer and direct importer**, we offer reliable, durable and competitively priced safety products. Our company is **well-known and highly regarded on the market**, supplying customers across multiple European countries, both wholesale and retail.

We maintain a **very wide range of road safety products**, and **most items are shipped directly from our own warehouse**, allowing us to ensure **fast delivery and high product availability**.

High Quality, Competitive Price and Fast Delivery

The **wall-mounted retractable barrier cassette with 4.5 m red-white tape** offers an **excellent balance between quality, durability and price**. It is a smart investment in safety, organization and traffic control. By choosing our product, you select a **trusted supplier, proven road safety equipment and a solution recommended by industry professionals**.
