Description

Traffic Cone Topper 12 m red/white - professional safety accessory

The highly portable **traffic cone topper 12 m red/white** allows for immediate containment of hazard zones and construction work areas.

Features a retractable spring mechanism within an ABS housing made of **Durable plastic housing (ABS), high density nylon tape**. The Długość taśmy: 12 m belt pulls out smoothly.

Technical specification

Dimensions / Length	Tape length: 12 m
Material	Durable plastic housing (ABS), high density nylon tape
Color	Red-white (warning color)
Product weight	0,8 kg

Application

- **Temporary cordoning:** Instant partitioning of hazard zones, roadworks, and emergency sites.
- **Pedestrian traffic control:** Outlining safe transit walkways in parking lots and construction sites.
- **Warehouses & logistics:** Blocking access to hazardous machinery and forklift transit zones.

Key advantages

- **Quick drive-on mounting:** Convenient topper fits perfectly over the cone top with no tools needed.
- **Auto-rewind cassette:** Integrated spring mechanism ensures smooth and safe tape retraction.
- **Heavy-duty nylon webbing:** Weatherproof and highly resistant to tearing or fraying.
- **Multidirectional connection:** Easily connect to adjacent traffic cones to form long barrier lines.
