Description

Lamp Battery 6V/50Ah - professional safety accessory

The highly efficient and durable **lamp battery 6v/50ah** is a professional-grade power source designed for continuous operation of road warning lamps.

This product features exceptionally stable voltage output and absolute frost resistance, making it fully compatible with MiniStar 1000 and ConeStar warning beacons.

Technical specification

Dimensions / Length	Standardowy wymiar kompatybilny z pachołkami 50-100 cm
Material	Zinc-air or alkaline cells in a sealed casing
Color	Red-white (warning color)
Product weight	0,6 kg

Application

- **Night-time marking:** Cordoning off roadworks, excavations, and accidents in low-light environments.
- **Visibility enhancement:** Mounts on top of traffic cones to warn of detours or shifts in traffic pattern.
- **Emergency response:** Immediate hazard marking during sudden road accidents.

Key advantages

- **Integrated twilight sensor:** Light automatically activates at dusk, saving battery life during daytime.
- **High-intensity LEDs:** Deliver excellent warning visibility from hundreds of meters away.
- **Heavy-duty PC/PP housing:** Completely weatherproof, frost-resistant, and impactproof.
- **Universal fit:** Engineered for secure mounting on top of standard traffic cones.
