Description

Concrete Planter BetonBox 40x40x40 cm | For Home & Garden

Searching for a modern style accent at an excellent price? The stylish **BetonBox 40x40x40** concrete planter combines raw industrial beauty with a compact size, allowing you to create a green oasis even in limited space.

The advanced technology of monolithic casting using C30/37 GRC architectural concrete provides the planter with superior flexural strength. Thanks to factory hydrophobic impregnation, the walls are highly resistant to dirt and water absorption. An integrated drainage hole in the bottom prevents waterlogging and protects plant roots.

Technical Specification

External dimensions	40 x 40 x 40 cm
Planter weight	~44 kg
Usable volume	42 L
Wall thickness	3 cm
Material	GRC architectural concrete C30/37 (glass-fiber & zirconium reinforced)
Drainage hole	Yes (integrated in the bottom)
Impregnation	Hydrophobic (dirt, moisture & UV resistant)
Dimensional tolerance	±15 mm

Applications

- **Home interior decoration:** The minimalist design fits perfectly in living rooms, hallways, or offices in loft/Scandinavian style.
- **Herbs and flowers planting:** Perfect conditions for fresh basil, mint, lavender, and smaller decorative flowers.
- **Small balconies and patios:** Compact size allows for optimal use of limited green spaces.

Advantages of BetonBox planters

- **Highly affordable price:** Excellent value for money makes this planter an accessible purchase for any home.
- **Lightweight in its class:** GRC technology makes the pot lighter and easier to move while

retaining premium concrete aesthetics.

- **100% frost-resistant:** Safe wintering outdoors without worries about cracks or chipping.
- **Hydrophobic protection:** Prevents dirt absorption and makes cleaning exceptionally easy.
